Catalog #416

Amusing Things of Little Consequence: Letterheads

We are pleased to announce a new catalog series, "Amusing Things of Little Consequence". The first catalog in this series comprises a selection of 37 vintage letterheads, ranging in date from 1866 to the 1950s. None of these letterheads are to be considered of any historical importance or particular monetary value whatsoever, but they may tend to amuse, instruct, and entertain. If they do none of these things, please feel free to think evil thoughts about us.

Also enclosed please find ordering instructions. These may prove useful to anyone thinking of ordering any of the previously mentioned amusing, instructive, or entertaining letterheads. For those not amused, instructed, or entertained, and therefor not ordering, please ignore the ordering instructions.

Yours sincerely,

the editors.

Postage: is \$2.99 per order, no matter how many items you buy.

Sizes: Almost all the letterheads here are shown full-size, if your monitor screen is 8.5"x11". If your monitor screen is not 8.5"x11", the letterheads are not shown full size, but are, nonetheless, still 8.5"x11". A few letterheads are smaller, and those do not take up a full screen. They are shown in proportion to the 8.5"x11 letterheads, more or less, give or take, kind of, sorta. If you are viewing this catalog on your phone, I have no idea how big anything is, probably teeny-tiny, and we apologise for that.

PORTRAIT
SOCIETY

751 De Hall Avenue,

Brooklyn, N.Y.

Oct. 13th, 1891

Dear Sir:

The above is an association of first-class artists, formed for the purpose of executing artistic crayon portraits, at prices within the reach of all.

Our crayon portraits, as will be seen from the many testimonials, are the finest made in this country; their perfect resemblance with the model, artistic treatment, and beauty of finish, are the admiration of all those who chance to see them; yet they will be of very little use to us unless made known to the public at large. It is for this reason that we make you the following BONA FIDE OFFER, viz.: If you will send us a photograph of yourself, or any member of your family, we will make from same one of our finest three-quarters life-size crayon portraits ABSOLUTELY FREE OF CHARGE. The value of such portrait is \$25.00.

Enclosed please find one coupon entitling you to such portrait, which offer is good for thirty days from date. The only favor we ask you for this liberal offer is that you recommend our work to your friends, and also take good care of the portrait as soon as you receive same.

We are a responsible society, have been in business over fifteen years, and are rated in the Commercial Agency of Dun & Co.; therefore, in sending your photograph to us, you can rest assured it will be taken care of, as we guarantee its safe return. In sending your photograph be very careful to enclose the coupon with it, with your full name and address written on the back of coupon or photograph, so that we may ship your portrait accordingly.

We remain, very respectfully,

A. Tanqueray Pres.

#3: 1891 Circular Letter from the Tanqueray Portrait Society.

A circular letter dated October 13, 1891, introducing the Society's portrait-making skills and inviting the recipient to send photograph for a high-quality crayon portrait by a Society artist, a \$25 value, free of charge. In return they hope you will recommend the Society's portrait-making skills to your friends, and display your portrait in your home. On the reverse side are a number of testimonials. An internet search brings up a few interesting facts about this firm- on August 29, 1893 they were banned from using the U.S. mails, and after that they apparently moved overseas, as a note in the June 29, 1902 Perth Sunday Times notes that the Times, and a number of readers, have received the offer of a free portrait from the Tanqueray Portrait Society in Paris. A few weeks after sending their photograph, one correspondent received a letter announcing that the portrait was complete, and so beautiful that it would look especially nice framed- and the Society has a catalog of frames for sale they would like to send. If you do not wish your portrait framed you may have it, and your original photograph, back for free, plus the modest cost of handling and shipping...

#7: "April 28, 1903 - Miss Katherine Grosjean, Dear Madam: I have seen nothing of the poem you mention "Love at Forty?", although I have been compelled to look through the stacks a number of times. If it had appeared under my editorship, it would have been paid for immediately upon publication. My theory is that it was lost before I came on the paper. The verses I returned you last week were, as I said at the time, the only ones appearing in the drawer. Yours very truly, R.H. McKittrick".

A quick search finds that Katherine Grosjean had poems published regularly in *Cosmopolitan* in the late 1890s- *Dr. Brendt's Wife* (May 1888), *Fiat Lux* (Nov 1888), *Inequality* (Sep 1891), *The Mastery* (July 1889), *The New Year's Song* (January 1889).

Dear Sir:

Your telegram received, with instructions to buy the 14 Bale lot "VNU", and wired you that I had bought the 14 Bales cotton @ $8\frac{1}{16}$ no cartage.

The market being a little easier I crowded the owners down $\frac{1}{16}$ on the price and then made them cart it for you, really making it $\frac{1}{8}$ less than I quoted to you; as it is raining very hard to day, will ship it first thing to morrow morning. Kindly send me back the samples of the other lots if you have not already done so. Enclosed please find sale note.

Yours truly

Dear Charlie:-

I am much obliged to you for writing me in reference to the Burhans boxes, and am glad that Jud has been able to make such a satisfactory arrangement. Am quite positive that at the price you mention he will receive thinner material than that on which we based our figures, they trying to make up the strength by glueing the pieces.

As we are simply buried with work here and at prices that are very much better than we quoted him, I do not feel badly over the matter. Some day perhaps we can sell them, but do not care to do so unless we can make a little money on the business.

We are getting along very nicely here in Detroit. Ida and the children are well, and we have made arrangements for a house for the winter. We are now living at #49 Willis Ave., West, and would like very much to have you or Will call on us. Anna and Ed are well and are still at the old home #741 Cass Ave. Give my kind regards to all the family. You may see me before long as I am planning an Eastern trip just as soon as I can get away.

Mr. J. A. Murphy,

Dear Sir:-

For the past two years or ever since I have been in this place I have been granted the privilege of paying my express bills weekly, but for the past six months since Mr. L. Wakeman has been agent he has demanded cash upon delivery of the goods.

This makes it very inconvenient especially in the summer when I have a large amount of express, most of which arrives on train 7 which is due here at about 8 P. M., therefore I would like to obtain a weekly letter of credit not to exceed \$50.

Should you desire reference as to my financial standing communicate with, Chas. E. Ehler, 213 Wallabout Market, Brooklyn, Swift & Co. Middletown, N. Y., Dunn's, Bradstreet's, The First National Bank of Roscoe, N. Y. or any business man in Hurleyville.

Carlton County Creamery Company,

Gentlemen:

We are in receipt of your letter of July 8th, instructing us to ship you by freight at once, one 36 x 6 Firestone type "C" Rim.

In your letter you state that the rim you require measures 3" between the two inner projections. We have measured up a 36 x 6 rim and find that the inside channel of the rim, which you refer to, is 2-5/16" wide. Therefore, this is not the rim that you require. The 38 x 7 rim measures exactly 3" between these inside ribs, and therefore, we are sending you this rim and trust that you will find it to meet your requirements.

Regarding the 40 x 8 rim, which you purchased on our billing of May 26th, which you cannot use. You may return this to us for credit, prepaying the charges, and we will immediately issue you credit to cover the purchase charge. The order we received from you called for a 40 x 8 rim and according to our records this is the size we shipped you. By examining the rim you will find the size stamped on the channel of the rim, in which the tire sets.

In ordering rims mistakes of this kind may be avoided by examining the felloe band on the wheel on which the rim is to be used, and ordering the same size of rim as the band is marked. A 38x7 Band will take only a 38 x 7 rim, while a 38 x 7 rim will accommodate 36 x 6, 38 x 7 and 40 x 8 tires. The same is true regarding all truck rims. That is to say, the rim and band must be of the same size, but the tires can be used in the same size as the rim, the under size and the oversize tire. It is

To the Sporting Goods Buyer:

GIANT GRIP PITCHING SHOES

You should find it to your advantage to carry a stock of Giant Grip Pitching Shoes now that the season is on, and we are offering you a very high grade line of shoes that are well known to the horseshoe pitchers in your territory.

Giant Grip Shoes are distinctive — they are made of a selected grade of steel — hammer forged under a very careful process — which thoroughly refines and toughens the steel. The shoes are in regulation patterns — proportionally designed and balanced.

Every shoe is put through a special hardening treatment to provide a surface hardness so that they will not break under ordinary playing conditions.

Giant Grip Shoes are attractively packaged — adding a special merchandising feature that lends itself well for shelf and window display. The shoes are nicely finished and packed in attractive cartons and hinged wooden boxes just as they are pictured in the circular.

Every set box contains an instructive pamphlet entitled "How to Pitch Horseshoes."

Your order will be accepted now at the same prices and terms at which you bought our line in 1946.

We prepared a large stock and can assure you of immediate deliveries throughout the entire season in any pattern and in any packaging that you may select.

Yours very truly,

GIANT GRIP MFG. CO.

Mr. Paul Klein
Klein Adv. Co.
Quincy, Ill.

Dear Sir:

We wish to inquire if there is a possibility that your firm might become interested in our new CALENDATOR, descriptive literature enclosed.

Briefly, this calendar carries new and novel patented features and is made from plastic by high compression moulding, making a very attractive desk piece. It is now being sold thru retail channels with definite consumer acceptance.

You will note the advertising possibilities that lie in the insert panel and we are receiving numerous inquiries from firms interested in the item as an advertising media. We do not have an organization for direct contact with these advertising buyers and we understand that you have such a setup for direct advertising sales promotion.

We have the facilities and tooling (the dies alone running into several thousand dollars) for producing these on a quantity basis and if we can find a plan of mutual advantage, we would like to hear from you in this connection.

Very truly yours,

MARTIN ARTCRAFTS CO.

"The Future of Farming is what we make it"

ALBANY COUNTY FARM BUREAU

315 FEDERAL BUILDING

ALBANY, NEW YORK

ALBANY 6-7611
EXTENSION 116

February 25, 1954

WE'VE LOOKED!
WE CAN'T FIND IT!

The secretaries in the Farm Bureau Office have just completed the rather long and slow process of checking the addressograph plates in the office with the Farm Bureau membership blanks for 1954 which have been signed and are now on file.

Unless we have made a mistake, we cannot find your membership blank for 1954 and, therefore, this letter is being addressed to you so that you will have an opportunity to pay your Farm Bureau membership fee (\$4.00) for 1954, if you wish to be continued on the mailing list from the office. A blank for you to fill out is enclosed. We sincerely hope that if you wish to continue to support this important farm organization and the Agricultural Extension Service in the county that you will return the blank just as soon as possible.

When your blank is returned we will again place your mailing plate in the files of 1954 Farm Bureau members so that you will continue to receive the service letters, Farm Bureau News, meeting announcements, and so forth that are going out constantly from the office in an effort to keep farmers up to date and to be of the greatest possible help to the agriculture of Albany County.

If your 1954 membership has been paid and we have made an error in the office please let us know immediately so that we can check and correct any errors that we may have made.

If you have any suggestions or comments relative to the Farm Bureau organization or to the work being carried on by the County Agricultural Agents we will appreciate hearing from you. We are always anxious to have constructive criticisms or suggestions which will strengthen our organization and improve our service and help to farmers.

Sincerely yours,

Ernest Newell

You say it isn't necessary to volunteer information about certain areas of life ~~to~~ those we love. That to do so is naive, immature, unnecessary. Why do you think this is so?

It seems to me not to be so for certain people. If one can take the truth in stride and not ~~to~~ view these things from the point of view either of 'value backgrounds' or 'personal ~~of~~ prejudices' solely, but glories in the human feelings that permit ultimate truth telling on the part of ones loved, and receipt of those ~~the~~ truths without preconceived ideas, then all the world can be truly beautiful, happy, an exhilarating experience by the minute, hour, day. The ultimate, I think, because man is not born alone. He dies alone however, and his search throughout his life is a ^{seeking} ~~search~~ for not ~~being~~ existing alone but in & with another person, totally
